INDEPENDENT AUDITOR'S REPORT

To the Board of Directors of
Concordia Charter School

We have audited the accompanying financial statements of Concordia Charter School (an Arizona nonprofit corporation), which comprise the statement of financial position as of June 30, 2018, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Concordia Charter School as of June 30, 2018, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Report on Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The schedule of functional expenses is presented for the purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 13, 2018, on our consideration of Concordia Charter School's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Concordia Charter School's internal control over financial reporting and compliance.

Concordia Charter School
Notes to Financial Statements
For the Year Ended June 30, 2018

NOTE 1 – NATURE OF OPERATIONS:

Concordia Charter School (the School) is an Arizona non-profit corporation created in February 2004. The mission of the School is to provide families a choice for a high-quality education for their children in a safe, caring and harmonious environment. The School serves kindergarten through sixth grades in Mesa, Arizona, and operates as a charter school under a contract with the Arizona State Board for Charter Schools ("ASBCS"). The original term of the agreement is subject to renewal on January 9, 2021 and may be renewed for successive twenty-year time periods if the ASBCS deems that the School is in compliance with its charter and statutory provisions.

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

Basis of presentation

The financial statements use the accrual method of accounting and the presentation follows the recommendations for the Financial Accounting Standards Board Accounting Standards Codification (FASB ASC) in FASB ASC 958. Under FASB ASC 958, the School is required to report information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Revenue recognition

The School recognizes state revenues as earned calculated using a "base support level" determined by the Arizona Department of Education (ADE). The "base support level" is a calculation using student counts as a basis for allocating equalization funds to the School such that the School is funded at an amount approximating the amount which public schools in the same district receive on a per pupil basis. State equalization funds are allocated on a fiscal year that ends June 30 of each year and are paid to the School on a periodic basis throughout the school year. Revenues resulting from students enrolled in federally impacted areas ("impact aid") are recognized when the revenues are received, which is the first date that such revenues can reasonably be estimated. Revenues from grant agreements are recognized when services are provided in accordance with the terms of grant funding applications.

Use of estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Cash equivalents

For purposes of the statement of cash flows, the School considers all unrestricted highly liquid investments with an initial maturity of three months or less to be cash equivalents.

Grants and funds receivable

State equalization funds, grant funds, and unconditional promises to give that are expected to be collected within one year are recorded at net realizable value and recognized as revenue in the period in which the revenue is earned based on student attendance or the promise is received. Based on the nature and history of uncollectible accounts, the School has not provided an allowance for doubtful accounts.

Property and equipment

Land, buildings and improvements with a cost of \$3,000 or more and computers, furniture and equipment with both a cost of \$500 or more and an estimated life of more than one year are capitalized. Assets are stated at cost or fair market value at date of gift, if contributed. Depreciation of furniture, equipment, and building improvements is provided on a straight-line basis over the estimated useful lives of the respective assets, ranging from three to ten years. If contributed, assets are stated at their fair market value at the date of gift.

Maintenance and repairs are charged to expense as incurred. The costs of additions and improvements are capitalized and depreciated over the remaining useful lives of the assets. The costs and accumulated depreciation of assets sold or retired are removed from the accounts and any gain or loss is recognized in the year of disposal.

See auditor's report.

Concordia Charter School
Notes to Financial Statements
For the Year Ended June 30, 2018

NOTE 2 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued):

Contributions

The School follows FASB ASC 958 for contributions. Contributions received are recorded as unrestricted, temporarily restricted or permanently restricted support depending on the existence and/or nature of any donor restrictions. All donor restricted support is reported as an increase in temporarily or permanently restricted net assets depending on the nature of the restriction. When a donor restriction expires; that is, when a stipulated time restriction ends or purpose restriction is accomplished, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activity as net assets released from restriction. Donor-restricted contributions whose restrictions are met in the same reporting period are reported as unrestricted support.

Donated services

A substantial number of volunteers (primarily parents of attending students) have donated many hours of labor to prepare the physical facilities for use as a charter school; however, these donated services are not reflected in the financial statements since the services do not require specialized skills.

Donated goods

A substantial number of educational goods and products are donated to the School. Goods and items donated for School use are recorded as in-kind income at the fair market value of the goods when received. Items donated for benefit of students are recorded as liabilities until distributed to students.

Functional expenses

Expenses are charged directly to program, management and general, or fundraising categories based on direct expenditures incurred. All expenditures not directly chargeable are allocated based on personnel activity or on building space used for applicable functions.

Advertising

Advertising costs are expensed as incurred. The School incurred advertising expenses of \$20 for the year ended June 30, 2018.

Retirement plan

The School administers and funds a SIMPLE IRA matching program for of up to 3% of total wages for all eligible employees. During the year ended June 30, 2018, the School paid \$7,111 to match employee IRA contributions.

Income taxes

The School qualifies as a tax-exempt organization under Section 501(c)(3) of the Internal Revenue Code. The School is not a private foundation. The School has adopted FASB ASC Topic 740-10, *Accounting for Uncertainty in Income Taxes*, which prescribes a recognition threshold and measurement attribute for financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. For the year ended June 30, 2018, the School had no material uncertain tax positions to be accounted for in the financial statements under the rules, and had no interest or penalties assessed by income taxing authorities. When applicable, interest and penalties are expensed when accrued and are recorded as interest expense and administrative expense, respectively.

Subsequent events

The School has evaluated subsequent events through November 13, 2018, which the date that the financial statements were available to be issued.

Concordia Charter School
Notes to Financial Statements
For the Year Ended June 30, 2018

NOTE 3 – RESTRICTED ASSETS:

Monies received from the state Classroom Site Fund (CSF) are not repayable to the state once disbursed, but are restricted solely for statutorily approved use at school sites under A.R.S. §15-977. At June 30, 2018, the School had no CSF restrictions.

The School received ADE approval for a federal wellness grant and received the entirety of the grant funding during the year ended June 30, 2018. Grant funds are to be used for administering a wellness program, including salaries, employee benefits, equipment, and food over the next two years. Undisbursed funds are recorded as unearned revenue on the statement of financial position until the funds are expended in accordance with the grant application.

NOTE 4 – PROPERTY AND EQUIPMENT:

Depreciation expense for the year ended June 30, 2018 was \$31,316. Property and equipment consisted of the following at June 30, 2018:

Equipment	\$	241,621
Leasehold improvements		76,756
Furniture and fixtures		67,149
		385,526
(Less) accumulated depreciation		(273,989)
Property and equipment, net	\$	111,537

NOTE 5 – LINE OF CREDIT:

The School has a revolving credit line of \$13,000 for purchases and \$2,600 for cash and an associated credit card which it uses to pay for operating expenses. At June 30, 2018, the annual interest rate was 11.99% for amounts resulting from purchases not repaid within a single operating cycle. Interest expense accrued on the line of credit during the year was not significant, and the balance at year end is included in accrued expenses.

NOTE 6 – LEASE COMMITMENTS:

Operating lease (Mesa)

The School leases facilities from a church in Mesa, Arizona for classroom and office space and certain utilities. Effective July 1, 2016, the School renewed its lease with the church through June 30, 2021. The latest lease terms call for monthly payments of \$4,500 until the termination of the lease. If a renewal is not negotiated, the School is permitted to hold over an additional two years. During the year ended June 30, 2018, the School paid \$54,000 under the terms of the lease. At June 30, 2018, future minimum required payments for leases expiring in more than one month are as follows:

<u>Year ending June 30,</u>		
2019	\$	54,000
2020	\$	54,000
2021	\$	54,000

See auditor's report.

Concordia Charter School
Notes to Financial Statements
For the Year Ended June 30, 2018

NOTE 7 – CONCENTRATIONS OF RISK:

Cash

Financial instruments that potentially expose the School to concentrations of credit and market risk consist primarily of deposits in checking accounts. At June 30, 2018, the Federal Deposit Insurance Corporation (FDIC) insured a substantial portion of the School's deposits; however, the balances in these accounts occasionally exceed federally insured limits. The School has not experienced any losses on its cash.

Revenue sources

Approximately 95% of the School's revenue for the year ended June 30, 2018 was derived from Arizona funds or passed through to the School by state agencies. Collection from the state of Arizona is reasonably assured, provided that the School complies with contract terms stipulated in its contract with the Arizona State Board for Charter Schools. The School's compliance with certain laws and regulations is subject to review by the Arizona Department of Education and the Arizona State Board for Charter Schools. Although such reviews could result in a reduction of state equalization assistance, in the opinion of the School's management, any reductions that may result are not expected to be significant. Changes in state funding levels for charter schools could have a significant impact on the School's ability to operate.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

To the Board of Directors of
Concordia Charter School

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Concordia Charter School (an Arizona nonprofit corporation), which comprise the statement of financial position as of June 30, 2018, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated November 13, 2018.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Concordia Charter School's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Concordia Charter School's internal control. Accordingly, we do not express an opinion on the effectiveness of Concordia Charter School's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Concordia Charter School's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT ACCOUNTANT'S REPORT ON
APPLYING AGREED-UPON PROCEDURES**

To the Board of Directors of
Concordia Charter School

We have performed the procedures enumerated in the accompanying Legal Compliance Questionnaires which were agreed to by Concordia Charter School (School) and the Arizona State Board for Charter Schools (ASBCS), solely to assist you and the ASBCS in evaluating the School's compliance with the requirements of the ASBCS Legal Compliance Questionnaire for the year ended June 30, 2018. Our findings related to the procedures are contained therein. Concordia Charter School's management is responsible for compliance with the requirements listed in the Legal Compliance Questionnaire. This agreed-upon procedures engagement was conducted in accordance with attestation standards established by the American Institute of Certified Public Accountants. The sufficiency of these procedures is solely the responsibility of those parties specified in the report. Consequently, we make no representation regarding the sufficiency of the procedures described in the Legal Compliance Questionnaire for the purpose for which this report has been requested or for any other purpose.

We were not engaged to, and did not, conduct an audit, the objective of which would be the expression of an opinion on the School's compliance with the requirements of the Legal Compliance Questionnaire. Accordingly, we do not express such an opinion. Had we performed additional procedures, other matters might have come to our attention that would have been reported to you.

This report is intended solely for the information and use of Concordia Charter School and the Arizona State Board of Charter Schools and is not intended to be and should not be used by anyone other than those specified parties.

INSTRUCTIONS

NOTE: This questionnaire should only be used for charters that are exempt from the Uniform System of Financial Records for Arizona Charter Schools (charters that HAVE an exception). If a charter is subject to procurement requirements pursuant to A.R.S. §§15-189.02 and 41-2535(A), this questionnaire should be used in conjunction with the Procurement Compliance Questionnaire (see audit guidelines) which is available on the Arizona State Board for Charter Schools' website <https://asbcs.az.gov>.

In order to determine whether a charter that is exempt from the requirements of the Uniform System of Financial Records for Arizona Charter Schools (USFRCS) is complying with applicable legal requirements, the auditors must complete the following Legal Compliance Questionnaire in accordance with both the agreed upon procedures (instructions contained herein) and the attestation standards established by the American Institute of Certified Public Accountants. (Note: This questionnaire is not comprehensive of all legal requirements for charter schools. As such, this document should not be the sole reference to determine all laws and regulations that are applicable to charter schools).

The following prescribed minimum agreed upon procedures, as well as those identified throughout the questionnaire, must be used for completing the Legal Compliance Questionnaire in accordance with the attestation standards established by the American Institute of Certified Public Accountants. The State Board for Charter Schools may reject questionnaires not meeting these standards.

- ◆ Sufficient, appropriate evidence must be obtained annually for each question to satisfactorily determine whether the charter complies with the legal requirements, and the evidence must be included in the documentation.

- ◆ Evidence may be obtained through test work, observation, examination, and client assertion. However, client assertion alone is not adequate evidence to support "Yes" answers to the questionnaire.

- ◆ Population size should be considered in determining the number of items to test, and the items selected should be representative of the population.

- ◆ The number of items tested must be sufficient to determine whether a deficiency was the result of an isolated incident or a recurring problem. Therefore, testing one transaction, record, or item is not sufficient.

- ◆ The sample size should be expanded if the audit firm cannot clearly determine whether the charter complies with the legal requirements of the question.

- ◆ If sufficient evidence has been obtained and documented during the current audit, that evidence may be referenced to answer questions.

- ◆ All “No” and “N/A” answers must be adequately explained in the comments column or in an attachment. Findings must be described in sufficient detail to enable the State Board for Charter Schools to describe the finding in a letter. The description should include the number of items tested and the number of exceptions noted.

- ◆ A “Yes” answer indicates that the audit firm has determined that the charter complies with the legal requirements of the question and a “No” answer indicates the charter does not comply. However, the final determination of compliance on each question, as well as overall compliance with legal requirements, is made by the State Board for Charter Schools based on the evidence presented in the questionnaire, audit reports, resulting documentation, and any other sources.

The resulting documentation supporting the audit firm’s answers to the Legal Compliance Questionnaire must be made available on request for review by the State Board for Charter Schools. To facilitate this review, the audit firm may wish to include in the documentation a copy of the questionnaire containing references to procedures performed for each question.

For Student Attendance Reporting questions, the audit firm must select and test the specified number of transactions (records, entries, withdrawals, or days) as shown in the sample size instructions before each section. These samples should include 3 or more grade levels and 3 or more campuses, where applicable. The listed sample sizes represent the minimum level of required test work. The audit firm should use its judgment in determining whether a larger sample is needed. All student attendance records tested should be selected from the 100th day reporting period. In the parentheses provided within the questions, write the actual number of transactions tested. If all transactions were tested, indicate such in the “Comments” column.

For questions 3-5 select at least 3 student attendance records.											
3. If the school had an early (pre-) kindergarten program, based upon review of (0) early (pre-) kindergarten students’ attendance records, did the school only calculate and submit membership/absence information for this program for students with disabilities? A.R.S. §15-901(A)(1)(a)(i) and USFRCS Memorandum No. 33		N/A	No early kindergarten program.
