Dear Concordia Charter School Parents and Families,

Thank you for all for your continued support for Concordia Charter School and for trusting us with your students. We wanted to send a letter to let you know that the health and safety of all the students, staff, and community are essential to us here at Concordia. As we plan to reopen the school on July 20, 2020, this is the most critical factor.

A comprehensive plan for reopening the school is in the works, and school personnel is diligently working to ensure we are creating the safest environment for the students and staff. We wanted to inform our community of some key measures we are already taking. All decision and actions are designed to promote a positive start to the new school year, including:

- A safe and supported return to our school campus.
- An online learning option for students unable to attend school on campus.
- Measure to promote the health and social-emotional well-being of our students, staff, and community.

Here are some of the actions we are already taking on campus:

- More hand sanitizer stations are being installed. We currently have them in every classroom, but we are adding them in the hallways and at entrances.
- Deep cleaning and disinfection of all areas.
- A comprehensive plan for regular cleaning and disinfection of all areas once staff and students return to campus.
- Signage is posted throughout campus with reminders of health and safety protocols.
- Staff trainings are being planned on health and safety protocols.
